

Fine Fittings exists to help diminish the footprint of cancer and support the healing process after cosmetic surgery. Many medical conditions often add emotional stress to the pressure of deciding how one might feel after choosing from a variety of treatment options. Whatever the ultimate choice, ensuring proper activity, a supportive environment & restoration to their prior appearance helps in healing both physically and mentally. Fine Fittings can help.

Fine Fittings Now Provides WIGS!

Donna Connelly, through Wigs Unlimited, has served the greater Phoenix area providing the highest quality in wig and wig care products since 1987. She has developed extensive knowledge and skill with the best and latest products the industry has to offer.

Recently, Donna and Fine Fittings have joined forces to provide not just prosthetics, custom fit lingerie, active wear, and sleepwear, but also products for those experiencing hair loss as well.

Chemotherapy, alopecia, radiation treatments, and many medical conditions may leave men and women victim to hair loss. Fine Fittings now provides a world of attractive comfortable wig options; along with an extensive inventory of turbans, hats, scarves, and accessories to choose from.

Costs and Benefits

After a mastectomy, Medicare covers mastectomy bras, prosthetics and products. Fine Fittings works with Medicare and other insurance companies to deliver supplies at "minimal" out-of-pocket cost. We bill your insurance directly. If your insurance company covers the products, you will only receive a statement of payment rather than a bill.

If you have not had cancer or simply desire a better fitting bra or shaping accessories, the cost of our products (with fitting) is what you might find on similar items in a department store, without the experience and knowledge of our certified fitters. Our extensive inventory provides the service at a cost that adapts to your individual financial needs.

Wherever your medical and personal life takes you, Fine Fittings delivers mastectomy products and services with a style you will appreciate.

Mastectomy active wear, swimwear and sun protection products are available to keep you active for better healing.
